

Dr. Ron Mitchell, TTU Professor, and Jean Austin Bagley Regents Chair in Management, was recently named a Distinguished Visiting Fellow in Ethics by the Wheatley Institution at Brigham Young University in Provo, Utah.

The Wheatley Institution is a research institution that strives to strengthen and preserve the core institutions our society. Currently, the Institution’s scholarly agenda includes six initiatives:

- International affairs
- Education
- Ethics
- Foundations of civic life and civic virtue
- The family, and
- Faith and intellect.

The Institution supports and promotes research and publication on these scholarly initiatives. It also brings to the Institution accomplished scholars from around the country to lecture and participate in symposia. These provide opportunities for students and faculty to enhance their academic experiences, as well as bring consequential ideas to the broader community.

Dr. Mitchell delivered his Distinguished Lecture entitled: “Stakeholder Accounting, Social Credit, and N. Eldon Tanner,” and was formally awarded the Fellowship on May 16, 2013.
